

MY PICKUP DIED

Intro

Oh, I'm sad
Oh, my life has all gone wrong
It's really bad
Can't even sing my songs
It's bad, nothing more to add, I'm sad.

My baby left me
She quickly brought things to an end
She left abruptly
And so has my best friend
She left the dog, but she took my friend, my baby left me.

Instrumental – 1 Harmonica

My pickup died
The only thing that I had left
That big old honkin engine's fried
And I am totally bereft
My pickup's dead, can't get out of bed, my pickup died

Instrumental – 2 Harmonica and Guitars

Oh, my pickup died
Oh Lord its dead and gone
My pickup's dead
What more could possibly go wrong
My pickup died, my baby left me, and now I'm sad.

Instrumental – 3 Harmonica and Guitars

My pickup died, my baby left me and now I'm sad.
My pickup died, my baby left me
My pickup died, my baby left me
My pickup died, wooh.
And now I'm sad, so sad.
